

ANTIBIOTIC ACTION

Antibiotic resistance is a global problem that affects you.

**Do you know how little antibiotic discovery, research
and development there is?**

**Antibiotic Action is working to ensure that effective new
treatments for bacterial infections are available for everyone.**

**For you. Your friends.
Your family. Young or old.**

Go to **www.antibiotic-action.com**
for further details on how you can help.

This needs YOU to help raise awareness that new
treatments are needed.

Cancers | Heart conditions | Diabetes | AIDS | Kidney disease | Transplant surgeries
Joint replacements | Alzheimer's | Leukaemia | Stroke | Cystic Fibrosis
